

SVRS Project Web site is Up and Running!

We are pleased to announce the launch of the SVRS Project Web site! The objective of the Web site is to provide everyone impacted by the implementation of the Statewide Voter Registration System with the information necessary to understand the how, what, when, where and why of the project.

How are we doing the conversion? **What** decisions are being made? **When, When, When????** Our aim is to arm you with information on the Web site to be able to answer these types of questions and more.

The heart of the Web site is the Resource Guide. This page contains links to several documents that will provide you information about the project. Linked documents are organized by the following subjects:

- Project Planning & Oversight
- Hardware / Software
- Conversion
- System Design
- Schedule
- Communications
- Training
- User Acceptance Test
- County Level Implementation Plans
- Maintenance & Support

Some of the source content is still in development and will be posted as soon as it becomes available. The Resource Guide section will continue to grow as the project progresses, and additional documents are produced. Documents that are recently added or updated will be notated for easy identification.

See the Frequently Asked Questions (FAQ) page to review answers to popular questions asked about the project. In addition, you can submit a question from this page. We will continue to add additional questions and answers.

All of the Newsletters and Special Bulletins that you receive will also be posted out to the Web site, so that you have access to any of them at any time. Weekly Project Status Reports will also be accessible.

Please check out the Web site. We hope you find it helpful and informative, and easy to use. If you don't find what you're looking for, please let us know! As always, we welcome your feedback and constructive criticism, and we will adjust accordingly! Just contact any of the people in the box below.

To access the SVRS Project Web site, please use the link below. Please share this link with your staff as appropriate.
